To Whom it May Concern;

I have had the pleasure of working with Robin A. Bleier, President of RB Health Partners, Inc. for the past 12 years in a variety of different capacities and situations. In every instance, Ms. Bleier has not only shown herself to have utmost knowledge and understanding, but her dedication and compassion for those we care for in our industry is second to none. Whenever contacted, Ms. Bleier is always responsive and treats every situation with a sense of urgency as though your personal situation at hand is her only problem. Simply stated, Ms. Bleier and her consultants are simply the very best of the best at what they do and the issues they take on to ensure positive outcomes for all. It is without any hesitancy that I would recommend Robin A. Bleier, President/Healthcare Risk Consultant, RB Health Partners, Inc. and her team for expertise of any situation that may arise.
