Dear Robin,

I would like to commend your team member Eddie Broom. Eddie has worked with my center and organization in several areas to include social services, activities, and Joint Commission Accreditation.

We just had our Joint Commission Triennial Survey. Thanks to Eddie's support and leadership we passed with flying colors.

Eddie is a caring, compassionate, competent, and a charismatic consultant that helped me tremendously with all of the competing priorities my team and I face.

Please feel free to use this written testimonial as you wish. I believe we could not have done it without Eddie. Thanks to him, you, and your organization.

Sincerely,

Administrator
