Dear Robin,

I would like to take this opportunity to express my appreciation of your services and can only recommend your LTC Consultancy Organization. My experience with you and your team has been incredible. Special recognition for your consultant Eddie Broom, he was unbelievable, extremely easy to reach and a pleasure to work with.

Thank you for the tools provided to us by RB Health Partners, they were well done and easy to use by our staff and supported the ultimate success.

I feel blessed to work with a consulting team that truly cares for the success of their facility partners.

Sincerely,

*Zalman Sommer*
