The Bristol at Tampa –

Dear Robin,

I would like to take this time to sincerely thank you for the great support I have experienced over the past years both at my current facility and prior by the RB Health Partners, Inc. (RBHP) team. Each that I have encountered are caring, compassionate, and competent.

Three of the RBHPs team have gone over and beyond and have really stood out to me as I could and have called upon each of them 24/7-365. This group includes Lauren Wickland, Sr. Manager of Clinical Services, A.C. Burke, Vice President of Healthcare Quality and Shirley Hunziker, Vice President of Risk Management.

I would like to note that Lauren who filled in several interim administrative nurses' roles works as if she is a center employee, matches my hours often staying 9-12 hours a day and if survey is in even more. No matter how much I encouraged Lauren to wrap it up for the day she simply said I will leave when you do. Those are truly endearing words to a Director of Nursing, ones I will not forget.

So, while each and every team member I have ever met and or worked with at RBHPs has been a pleasure to know and work with, I would be remiss not to mention the healthcare hero's that really gave me their all during covid.

I can be reached at 727.457.7986 anytime for a reference.

Most Sincerely,

Liz Raymond

Director of Nursing
