**RB Health Partners, Inc.  
Robin Bleier  
P.O. Box 1116  
Crystal Beach, Florida 34681**

**Dear Ms. Bleier,**

**Over the course of the past six months, due to a mandated directed plan of Care (DPOC), Heardmont Health and Rehabilitation has worked with RB Health Professionals to correct deficiencies that were cited during a Federal Infection Control Survey.**

**Jonathan Teter was the infection preventionist assigned to our facility. He has worked with us from the beginning of the process through the recent satisfactory completion of the mandated program.**

**Mr. Teter's guidance and attention to detail has served us well as we have navigated the complexities of establishing a functioning infection control program in our community. His insights and assistance have been provided the base from which we have worked, and have put out community into a position to be able to maintain compliance with all regulations both at this time and into the future.**

**I whole heartedly recommend RB Health Partners and specifically Jonathan Teter to any Long Term Care facility that is faced with challenges in the area of Infection Prevention and Control.**

**Thank you,**

**David W. Milner, Jr. – LNHA
