NURSING & REHAB CENTER

January 15, 2024

Hello Robin

Having Maureen was such a pleasure. She came into the building willing to assist and picked up where the last social service director left off at, my team and I didn't even feel the transition. She heard my concerns and met the needs of both the facility as well as the residents. Detailed with her documentation and took initiative whenever needed. She was prompt, dependable and displayed teamwork. Maureen is a true asset to her company; she comes highly recommend to assist any facility with their social service needs.

Sincerely,

Tamia Jones
