Re: Robin Bleier and RB Health Partners, Inc

To Whom It May Concern:

I am the Chief Executive Officer of St. Mark Village, Inc., a Continuing Care Retirement community located in Palm Harbor, Florida. In December 2012, the Board of St. Mark Village decided to make significant changes to its operation. A team was put together to formulate a plan. Robin Bleier and her professionals at RB Health Partners were part of that transition team. The changes began on January 8, 2013 with the goal of completing the major transition within two years.

In March 2013, as part of the transition, Ms. Bleier became the Chief Operating Officer of St. Mark Village, Inc. She had the special skills, knowledge and experience needed to work with our Team Members to fulfill our goals.

During Ms. Bleier's tenure we had positive outcomes with all levels of care and services, to include excellent survey outcomes, improved Quality Measures, eliminating nursing agency, reducing overtime, and attaining our SNF five star rating. We also converted an area, licensed as nursing home beds, but used as assisted living, back to skilled nursing and dedicated it exclusively to our new Betty Fresh Rehab and Spa Medicare unit.

In early March Ms. Bleier left the position of Chief Operating Officer of St. Mark Village, Inc. and returned full time to RB Health Partners, Inc. Currently RB Health Partners supplies consulting services to St. Mark Village, helping to keep the programs that Ms. Bleier implemented running smoothly and making changes as appropriate. Since she resigned her position here, Ms. Bleier has continued to be a fountain of information and a positive resource for us.

Sincerely,

J. Douglas Fresh
Chief Executive Officer
