

July 25, 2008

It is with great pleasure that I submit this letter of reference for Robin Bleier. I have known Robin since 1990 where she did consulting services for the company I was then employed by.

She is one of the most knowledgeable individuals that I know in the Long-term care regulatory environment. She has expertise in regulatory and back to compliance, clinical risk management, policy and procedure development, MDS (multi-state trainer), and disaster preparedness management, as well as many other achievements.

Through my direct experience with Robin in her consulting services, with “back to compliance” situations, and assisting with IDR’s, I can truly say that the success and positive outcomes have been attributed to her oversight and knowledge.

Robin is very involved with Florida Health Care Association. She has a passion for the Long-term care environment and has a reputation of one of the highest skilled LTC professionals in the state of Florida. She has one of the best work ethics I have ever seen and will work 24/7 if need be to get the job done.

If you need more information please do not hesitate to contact me at 407-830-5309.

Sincerely,

Lu Ann Beebe
Vice President of Clinical Services
