Dear Robin,

I wanted to thank you for the excellent services, Norma Collins, RN, BS, LHRM, your Director of Clinical Services, provided to Clear Choice Health Care as Interim Nurse Director for one of our facilities, a CCRC, in Sun City, Florida.

I would highly recommend RB Health Partners, Inc. based on this experience. Norma Collins is professional, clinically savvy, a good communicator, and easy to work with. Staff really connected with her and our Administrator who had worked with you and Norma as well as others from your office was very complimentary.

Your Office Administrative Manager Cara Strayer was also quite professional and a delight to correspond with. While I do not know your other associates personally, I have heard about some of them through this property Administrator who could not say enough good things about his experiences as well.

In closing, I feel that RB Health Partners, Inc. has much to offer the long term care profession. I endorse you, Norma, and your company. If anyone has any questions about the experiences I had with Norma and RB Health Partners, Inc. please contact me.

Sincerely,

Angel
