Robin Bleier
RB Health Partners

Robin,

Today I had the pleasure of hearing Shirley Hunziker, RBN, LHRM, CLC speak to our FHCA District about Risk management. Her depth of knowledge was outstanding and like so many of your other team members, could have probably spoken for an entire day on the information she was presenting. She had a wonderful way about her in presenting, adding humor and knowledge as well as getting the audience involved. She also was able to convey the information in a way that people understood which made it even more impactful. I must say that I have never had a less than outstanding experience with anyone from your team, just a tribute to whoever is finding them and hiring them.....hum RB maybe? Definitely some of the best in the industry. Anyway, take care and thanks again for providing another great resource for our FHCA District.

Best Regards,

Stephen Lomonico, Vice President FHCA District IV
